

General Information Leaflet - Group Money Purchase Pension Scheme

The scheme is a defined contribution arrangement. It was approved by HM Revenue and Customs and from 6 April 2006 became a registered pension scheme. Savings are provided by a policy effected with us.

Fund Information

Values

When members take their investments, the amount will be worked out using unit prices applicable at that time and will be based on premiums paid up to that date. Unit prices can go down as well as up.

The fund value and the transfer value are currently the same.

Utmost Life and Pensions unit-linked funds are managed by JP Morgan and may also contain investments managed by Abrdn.

Switching Funds

A facility to switch between funds is available (if the trustees allow the members a choice of investment options).

There is no charge for switching funds. We reserve the right to introduce a charge at any time in future but we will let you know when any charge comes into effect.

There are 13 unit-linked funds, and there is no restriction on the number of funds members can invest in. The details are shown on our website.

From 17 June 2019 the Fund of Investment Trusts and the Property Fund were closed to new premiums. Any existing investments in these funds will remain.

If we received switch instructions by 5pm on a working day, we use the bid prices on the next working day. For instructions received after 5pm on a working day, the bid prices used are those for the next working day plus one.

Contributions

Contributions to purchase unit-linked benefits can be started or stopped at any time.

There are no additional charges or penalties for ceasing, amending or restarting contributions.

Annual Charges

Utmost Life and Pensions collects an annual management charge from our funds to cover the expenses of administering the policy (a table of these charges can be seen overleaf). The charge is taken into account when we calculate the unit price each day.

There are some costs not covered by the annual management charge. They may include expenses to buy or sell investments and tax payments. The Property Fund is charged a portion of the property asset management related expenses. These additional costs are taken directly from the funds thereby reducing the price of units.

Our website includes information on unit-linked fund prices, performance and factsheets and is where you can find 'A guide to how we manage our unit-linked funds for Heritage Equitable Life policies'.

Clerical Medical Values

If the member has funds invested in Clerical Medical with-profits, they can find information on our website (www.utmost.co.uk) under the Group Pension Scheme section. A financial adjustment may apply if transferring to re-invest benefits from the Clerical Medical with-profits fund. The rate applicable varies depending on date of investment of contributions into the fund. Please note it is not possible to pay new contributions or switch into this fund.

Retirement

Minimum Retirement Age

Minimum retirement age is normally 55, however, some members may be able to retire from 50.

Ill Health

The member may be able to take their retirement savings early where they are incapable of carrying out their occupation.

Retirement Options

- **Take some or all of the retirement savings as cash**
Normally a quarter of each amount taken is tax free and the rest is taxed as income. Members are unable to take just the tax free cash element under this option.
- **Transfer to another company**
Members can transfer to another company if they wish to consolidate their retirement savings in one place. Members can also transfer to another company if they want to use their retirement savings for income drawdown. We will send the whole fund to the chosen provider and they pay any tax free cash.
- **Buy an annuity on the open market**
We pay any tax free cash and send the rest to the chosen company to buy an annuity (this may not be available if the member lives outside the UK).

Pension Commencement Lump Sum (PCLS)

Normally members can take up to 25% of their retirement savings as a tax free cash lump sum, also known as PCLS. We will be able to confirm whether or not the member is entitled to more than 25%.

Death Benefits

If you die before retirement savings are taken, the fund is payable as either a lump sum or a pension. If you die after age 75, any death benefits become subject to tax. The trustees will be responsible for deducting any tax.
